

**TURNING LEAF**  
CHANGING LIVES RESTORING HOPE

# Principles of Effective Interventions

Amy Barch

# 1. The Risk Principle

**Who** should be targeted for treatment?

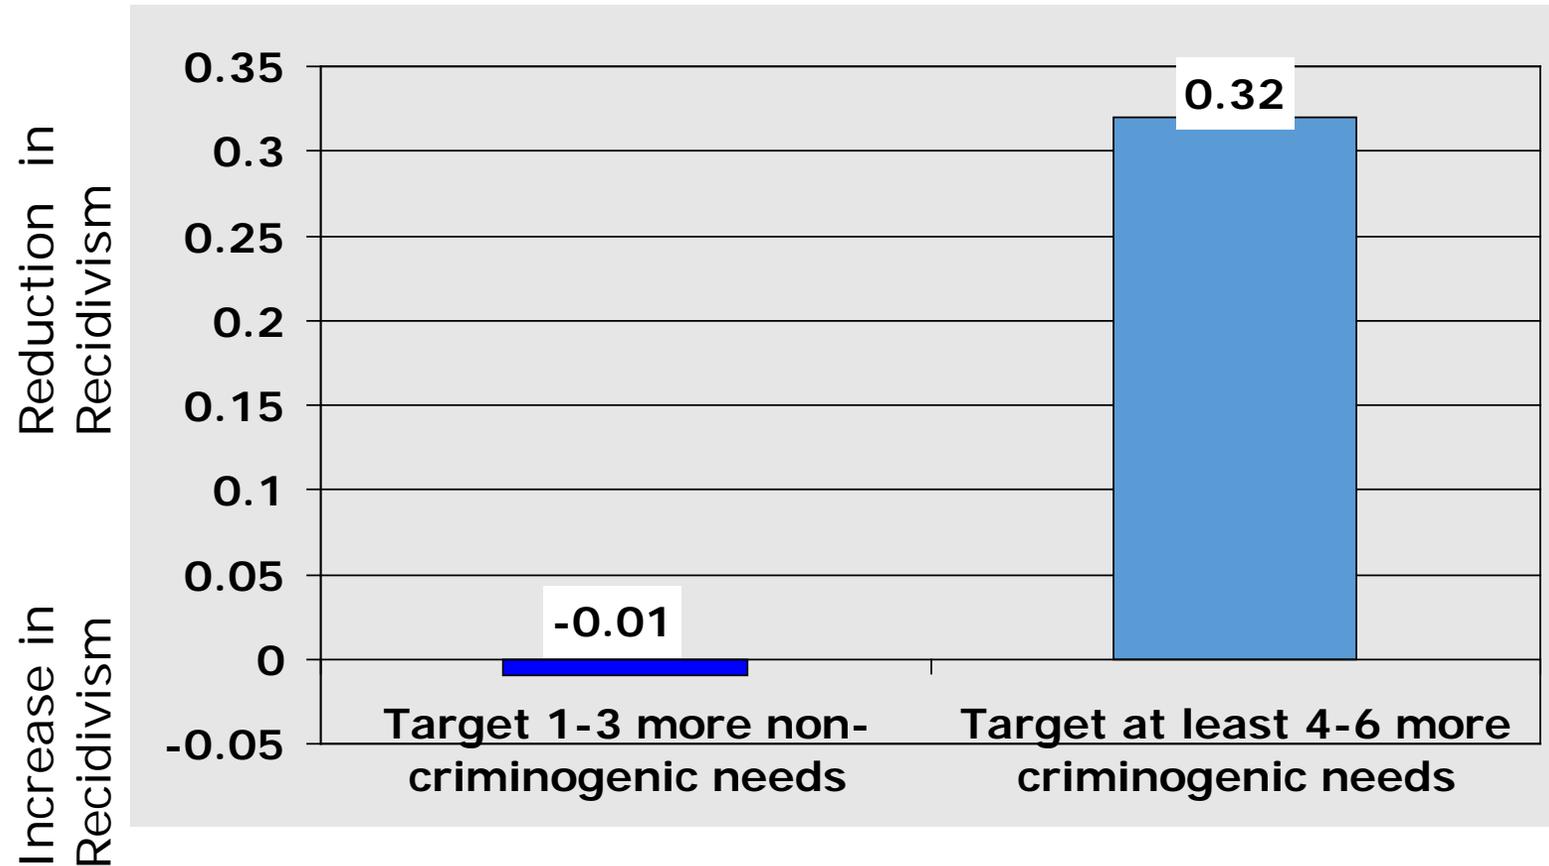

# 1. The Need Principle

**What** should  
treatment  
target?

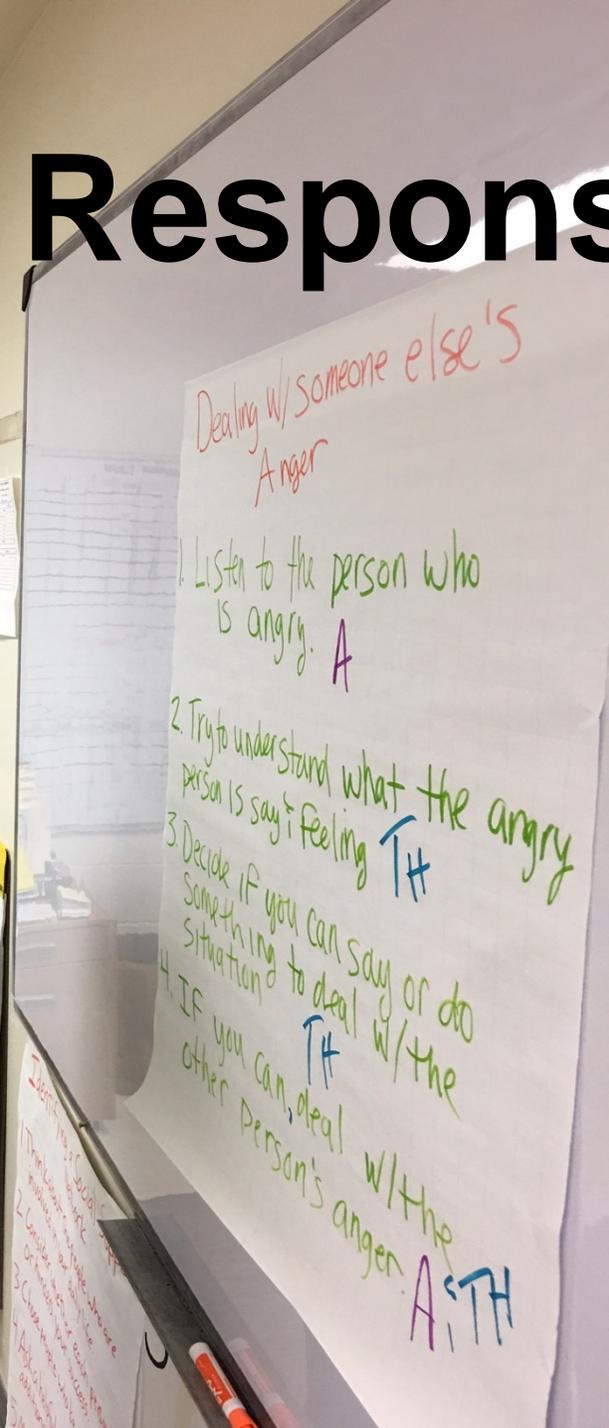

# Targeting Criminogenic Need: Results from Meta-Analyses

Source: Gendreau P., French S.A., and A. Taylor (2002). What Works (What Doesn't Work) Revised 2002  
Invited Submission to the International Community Corrections Association Monograph Series Project

# 1. The Responsibility Principle

**How** should the treatment be delivered?

# Cognitive Behavioral Bootcamp

# In-House Transitional Employment

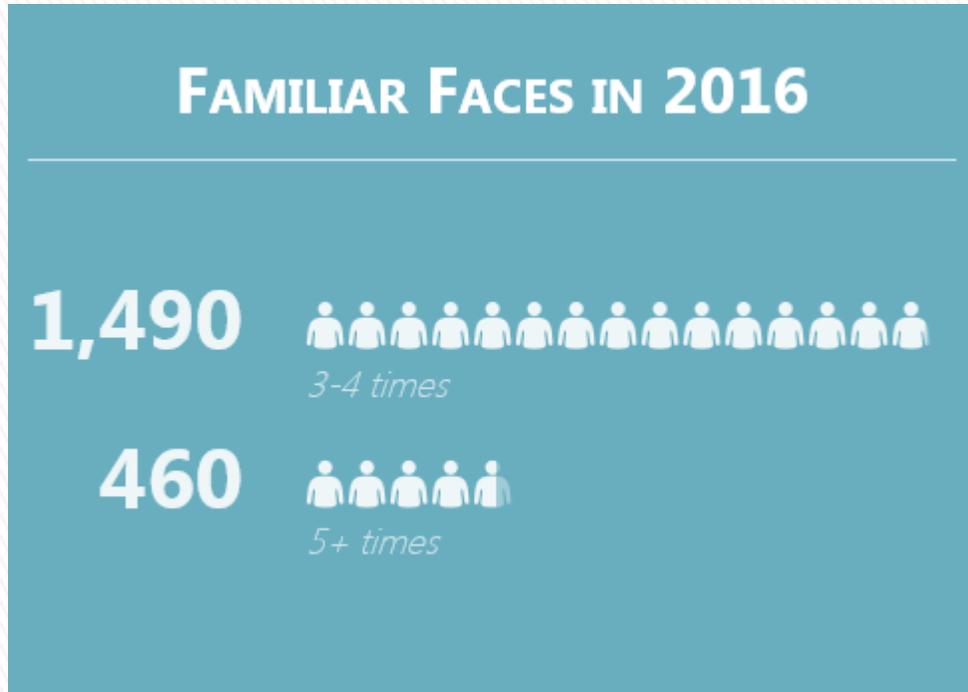

# Transitional Jobs

# **Rethinking Expectations: Proven Practices to Reduce Reoffending in High Risk Populations**

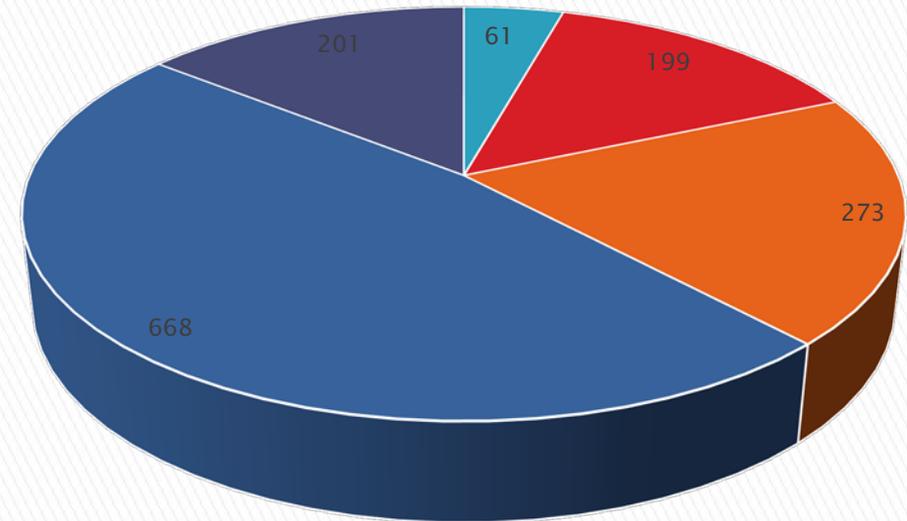

# Admissions to Jail and Community Supervision in Charleston (2016)

Familiar Faces Booked Repeatedly  
Charleston County Detention (SACDC)

Assessed Level of Risk at Admission

■ High ■ Medium with Override Consideration ■ Medium ■ Low ■ Missing

553 (38%) Assessed Medium Risk and Higher

Risk Profile for Admissions to Charleston  
County Probation and Parole

# Systemic Approach: Targeted and Evidence-Based Practices for Recidivism Reduction
